A WORD TO OUR PATRONS

Dear Sir/Madam

We express our gratitude to you for your kind patronage and cooperation we have been receiving. We hope your encouraging patronage will continue to provide us with opportunities to serve you in the most efficient way.

We are pleased to present you our new catalogue. It contains the list of books for classes pre-school to VIII.

Books meant for schools following CBSE/NCERT syllabus have been prepared keeping in mind the latest National Curriculum Framework (NCF). Life Skills and HOTS Questions have also been included in our books.

For schools following ICSE syllabus, a separate set of books has been prepared according to the syllabus issued by the Council for the Indian School Certificate Examinations (CISCE).

We are also delighted to announce that our website www.aryapublishing.com has been updated with more digital content for teachers and students. We also provides web support for some of our prime publications.

Our rich coverage corresponds to the comprehensive ability of the students. Step-by-step logical presentations, richly illustrated pages, excellent multi-coloured printing on quality paper and competitive prices are some of our special efforts to make our publications student-friendly.

We do hope that you will find these books amply useful for the students of your institution and will oblige us by recommending the same as textbooks in your school.

We assure that our best services will always be at your disposal.

Thanking you

Yours faithfully

TO OUR PATRONS/BOOKSELLERS

YOU WILL GET BENEFIT ONLY WITH

ORIGINAL BOOKS

Why Say **NO** to Pirated Books?

Buying and Selling of any PIRATED/PHOTOCOPIED Books is ILLEGAL/IMMORAL and UNETHICAL.

Buying and selling of any pirated/photocopied books is an offence and liable for legal action.

- **Loss to the student in purchasing Photocopied/Pirated Books**

Poor quality of paper and printing which is harmful to their eyes.

Due to duplicate books, original books are not sold in enough quantity which causes delay in bringing out new revised and updated editions. This deprives the students/other buyers of the latest information on the subject and their knowledge is not updated.

- **Loss to the Author**

The authors put in a lot of efforts in preparing the books and are deprived of their genuine royalty due to sale of duplicate/pirated books.

- **Loss to the Publisher**

Publishers undertake strenuous efforts and put in a lot of labour and capital in publishing good books. They are deprived of return on their investments.

- **Loss to the Government**

Government is deprived of their rightful revenue in the form of GST and other taxes due to sale/purchase of duplicate/pirated books.

- **Loss to the Society**

Selling of pirated/duplicate books is nothing but a theft of hard work put in by author/publisher. Purchasing of such material amounts to encouraging this immoral act which is another form of corruption.

So, let us all join hands to stop this immoral and unethical practice of selling/buying pirated/duplicate books and purchase only genuine books. Let us respect the law of the land and avoid prosecution by resorting to unlawful activities.

Please cooperate in the noble cause.
